

## Jolly Time

Original American popcorn

We know popcorn better than anyone. Why? Because "Jolly Time" is the original brand name of popcorn in America.

"Jolly Time" is synonymous with the great taste of microwave popcorn and is available in a variety of flavors.

Founded in 1914, the "American Pop Corn Company" is the oldest producer of popcorn in the industry and is still owned by the founding Smith family!

The typical American popcorn also has its loyal fan base in Switzerland. The microwave packs with three portions can be easily and freshly prepared in the microwave oven. Choose between four different varieties and experience an incomparable taste sensation! Of course, you can still get popcorn in a bag, which you can prepare traditionally in the pan.
