

## Mimi's Garden

For little moments of happiness

MIMI'S GARDEN  
ORGANIC

Mimi's Garden uses **high quality organic products** in a sustainable way to create little moments of happiness.

The basic ingredient of the energy balls are juicy, sun-ripened dates. **Rich in fiber and vitamins**, they are a great alternative to conventional sweets. Refined with other high-quality ingredients, three delicious varieties are created: **raspberry & chia**, **mango & coconut** and **cocoa & hemp seeds**.

All varieties are **vegan** and **gluten-free** and are produced **without additional sugar**. In addition, all varieties contain a high proportion of cashew nuts and gently roasted almonds that naturally contain **essential fatty acids**.

For the Mimi's Garden lucky balls only raw **materials with 100% organic quality** are used.
