

CERTIFICATE CARBON OFFSETTING

Swiss Climate hereby confirms the issuance of carbon credits from high quality projects on behalf of:

Gustav Gerig AG
Zürich

The following amount of CO₂ emissions has been offset

209 TONNES CO₂

This means that the transport of Majestic products will be climate neutral in 2023 (based on 2022 data). The CO₂ certificates were issued by the following climate protection project:

- Energy-efficient cookers in Ghana

With the help of specially developed, efficient cookers, families from Ghana can massively reduce their need for firewood. This stops the rapid deforestation and prevents many respiratory diseases.

Bern, 27.04.2023

Othmar Hug

CEO, Swiss Climate AG
